Supplemental Authority Release Plan
For motion for Compassionate Release

I would like to add my release plan to my motion for compassionate Release. First, I plan on becoming a law abiding citizen which I would show greater respect for the law. I plan on going to physical therapy so I can learn how to walk again, also I plan on enrolling in substance abuse counseling and school so I could be a better person for my community and a better father to my kids. I will teach them not to make the same mistakes I did so they will have a brighter future than me. At the moment I get SSI check every month and I have medical insurance to pay for my therapy. I plan on getting my life together and follow the right path of life, I believe this is a lesson learned the hard way never to be repeated. I plan on getting married and moving to North Carolina for a new start in life.
